SALVATION ARMY DRIVE ON MONDAY

Will be Continued Through-
out Week Ending
Saturday

SKY IS THE LIMIT

Men Will Visit Business Houses and
Women Private Homes—Doughnuts
to be Sold by Women

No contribution too small and the
sky is the limit.

With this slogan as their motto a
committee of men and women Mon-
day will inaugurate a house to house
canvass in this city for the Salva-
tion Army Home Fund.

A committee of men will wait upon
the representatives of the different
business houses in the city and so-
licit contributions for the fund, and a
committee of women will call at the
homes in the interest of the Home
Service Fund Campaign.

The young women who will call at
the homes will sell "Doughnuts a La
Pershing," or the doughnut that won
the war. The price of these doughnuts
will be whatever the householder can
afford to give.

The committee of women also has
planned to sell doughnuts on the
street next Saturday night which will
bring the week's campaign to a close.

It is announced that the canvass
will be as thorough as a busy commit-
tee can make. Members of the com-
mittee, however, say that it will be
practically impossible to see every
citizen and they, therefore, urge all
citizens to come forward and tender
their contribution to the cause re-
gardless of whether or not they are
called upon by the committee in
charge of the canvass.

Hope is expressed by the commit-
tee that those not called upon will
send in their contributions to Car-
roll Pierce, secretary of the fund.

Practically all of the business for
the drive will be done by the women
of the city.

The Salvation Army will have a
drive in every city and town in the
country to raise the sum of \$13,000,000 which
is the goal set by this organization.

The fund to be raised is entirely
for home purposes and not a dollar is
to be used outside of the United
States.

This drive it is stated is
brought about by the growing
needs of the Salvation Army. The ef-
ficient work of this organization in
the trenches has brought to the at-
tention of the American people the
fitness of this organization for its
special line of work which organiza-
tion has since the war had its respon-
sibility greatly increased.

The Salvation Army was the first
organization to take up work with
the soldiers in the trenches and the
last to ask aid. The first drive of
this organization for war work was
for one million dollars. The American
people contributed \$2,000,000 to this
fund.

The total receipts of this organi-
zation for war activities was about
\$6,000,000. This, therefore, means
that the American people have con-
tributed about one per cent of
their income to the war effort.

Their peace time work has been
economically and efficiently. A
meeting of the board of directors
in charge of the plans for the
afternoon in the rooms of the Cham-
ber of Commerce.

this year. The friends of Judge Brent,
it is stated, are already quietly at
work to get him to allow his name to
be used.—Fairfax Herald.

NAVAL AIRSHIPS ARRIVE AT AZORES

NC-4, the "Jinx Boat,"
Leads on Trans-Atlan-
tic Trip

AHEAD OF SCHEDULE

Other Seaplanes Following Close in
the Wake, Rushing at Terrific
Speed, Approximately 95 Miles an
Hour.

Ponta Delgada, May 17.—NC-4
lands at Horta in Azores.

Washington, May 17.—The NC-4
probably has either passed over Horta
in the Azores, or landed there at this
hour, Navy Department officials said
at 9:45 today. Station 22, over which
the NC-4 passed at 8:10, Washington
time, is only seventy-five miles from
Horta, which is a provisional stop-
ping place. Ponta Delgada being the
objective if possible.

Ponta Delgada, Azores, May 17.
(8:20 a. m. New York time).—The
seaplane NC-4, leading the American
trans-Atlantic flyers, has sighted
the island of Flores, the westernmost
of the Azores group.

The NC-1 is close behind.
Wireless message to the U. S. S.
McHiville, the seaplane mother ship,
said land was sighted at 7:35 o'clock
this morning (New York time).

The NC-3, carrying Commander
Towers, leader of the air expedition,
is lagging behind, but passed the de-
stroyer Craven, station ship No. 18,
at 6:45 a. m.

A radio from the Craven said the
NC-3 was going at terrific speed,
evidently trying to catch up.

Flores is 320 miles from Ponta
Delgada. It was estimated that the
planes were hurtling through the air
at a speed approximately ninety-five
miles an hour.

AMERICA

(From Cartoons Magazine.)
(As it may be sung in the bone-
dry country.)

My country, 'tis of thee,
Land of sobriety,
Of thee I sing,
Land where all drinks are through!
Land where no brewers brew!
Land shorn of revenue—
Thou hast thy fling!
My chastened country, thee,
Land of the quasi-free,
Thy drink-dust banners
I love they orangeade—
Thy pop, thy lemonade—
They are so sweet and staid,
The harmless dears!
Let music swell the breeze,
And edify the trees,
Ye bone-dry banners
Let water wagons shake,
For Billy Sunday's sake,
Let young and old partake
Like seaside sands.
Strict Temperance, to thee,
Jailor of Liberty,
Oak leaves we bring;
Until the day we die,
Old Nick will hover nigh—
Then keep us high and dry,
'Grap Juice, our King!

SAD PLIGHT OF WAR VICTIMS

Widespread Suffering in Armenia
and Syria.

In view of the interest of many
persons in the drive recently in-
augurated for the relief of the Syrian
and Armenian war sufferers and in
view of the fact that response here has
not been as satisfactory as many ex-
pected, the following is a copy of a
cablegram recently received from
Armenia which shows the sad plight
of these victims of the cruel war
which certainly should stimulate in-
terest in the campaign for this re-
lief:

"Widespread famine throughout
Armenia. Refugees slowly starving on
animal corpses, slaughterhouse blood,
chaff. Cholera expected this summer.
Drugs, food, positively must be im-
ported. In West Caucasus 330,000
need help.

In Armenia and vicinity 3,950,000
human beings are reported perishing
from hunger and exposure.

Of this number 400,000 are little
orphaned children whose parents were
slaughtered by the Turks.

There are also 1,900,000 widowed
mothers and children."

Contributions for this fund may be
sent to J. T. Preston, treasurer, care
of the Chamber of Commerce.

suffering from wounds inflicted by
his wife, he charges, who also used a
razor.

TO SPEAK ON LEPER WORK

W. M. Danner at Second Presbyter-
ian Church Tomorrow

W. M. Danner, American Secre-
tary of the Mission to Lepers, has
just returned from an extensive tour
of Leper Stations.

Our citizens will be privileged to
hear his story "The Bright Side of
What the Protestant Church is Do-
ing for Lepers of the World" at the
Second Presbyterian Church to-
morrow morning at 11 o'clock.

Large photographs and charts will
be used for illustration. The Soci-
ety presented is International and
interdenominational and devoted to
the needs of Lepers of the world.
It co-operates with practically all
the Foreign Mission Boards.

There are probably two million
lepers in the world. One out of
every seven hundred had fifty inhab-
itants. The largest colony is under
the Stars and Stripes.

Interesting reports of medical
progress will be given and incidents
regarding the human side of the
Leper's life.

These thrilling stories are by no
means gruesome but will be intense-
ly interesting to all ages.

Mr. Danner spent Christmas at
two Leper Homes and with the chil-
dren of Lepers, who strange to say,
do not inherit the disease.

academic and vocational lines, and as
an entirely separate and subordinated

NEIGHBORS' BROILS

Neighborhood rows are the most tantalizing issues which come before police courts. Such actions are months in festering, and when finally brought to the bar are as malignant boils on complainants and defendants alike. It is said that a war between two nations was once precipitated by a thoughtless boy who left a gate open. A neighbor's cow entered the enclosure, which brought on trouble between the owner of the lot and the owner of the bovine. The issue culminated in a political rum-pus, which ended in the election of a man to a representative body whose one vote caused a declaration of war against another country. Truly, great oaks from little acorns grow.

The Alexandria Police Court has its proportion of neighborhood rows to consider. Several years ago, the official then upon the wheel was called upon to straighten out a neighborhood muddle which had assumed serious proportions. The supply of ammunition, in the shape of harsh epithets, was about equally divided. The scene in court while the action was in progress was akin to that of a Fenian meeting, or, to bring the illustration to our own doors, as a reconstruction gathering of half a century ago. The court, very properly, dismissed all the parties with an admonition, but as the litigants were filing their way out one of the contestants, an elderly man, stopped at the desk and alleged he had a further complaint to make. He said a fourteen-months-old baby belonging to a woman who had testified against him was wont to place its thumb at its nose and wriggle its fingers a thimble as he passed.

The Baltimore Police Court had its trials and tribulations also. A woman yesterday insisted, that ever since a certain female moved around her neighborhood, she has called her everything but a lady. The complainant specified, for the benefit of the court, some of the names she alleged her tormentor applied to her. Her neighbor, she added, had threatened to "cut her heart out" and the husband of the complainant had to watch by the gate, while his wife went to the store, fearing that her bloodthirsty neighbor would execute her longing in regard to her heart.

"That woman, your Honor, is a public nuisance," the plaintiff contin-

ued, "and I can get all the neighbors to sign a paper that she is," she continued. She says I dress up for other men. Why if I put on a 10-cent apron she accuses me of that. It's unkind agency that I suffer on account of that woman. She threw a cat in my face on one occasion."

The fight becoming more fiery with each witness the justice called a halt and warned the women to keep quiet, and that if there was the least trouble around that way again, he was going to send the whole "she-bang" to jail.

HEW ACROSS THE ATLANTIC

As will be seen elsewhere, American flyers have performed the feat of flying across the Atlantic Ocean. The aviators have reached the Azores.

Over sixty years ago the announcement that a telegraphic dispatch had been sent across the Atlantic caused the greatest joy to the inhabitants of both the new and the old world. The announcement that the feat of crossing the great deep in flying machines has been accomplished is producing equally as great enthusiasm.

Truth is often stranger than myth. The story of Daedalus and his son Icarus flying over the Aegean Sea is eclipsed by daring American aviators.

Commander Towers intends to change the names of the three seaplanes which have successfully crossed the ocean to the Nina, Santa Maria and Pinta respectively, names of the caravels which composed the fleet of Christopher Columbus.

HOLLAND AND THE EX-KAISER

The Dutch Government denied, on the 14th, that it had decided to surrender the ex-Kaiser for trial, as required by the terms of the peace treaty.

With one or two exceptions the Dutch newspapers have expressed disapproval of the peace terms. A prominent journal published at Amsterdam argues against surrender of the ex-Kaiser, saying he could not have a fair trial before the proposed tribunal. It does not expect that he will be taken by force, but foresees that refusal to give him up would arouse the displeasure of the Allied Powers.

The New York Times asks, "Why should Holland's Government or people desire to protect this man and to prevent his trial for the Supreme offense against international morality and the sanctity of treaties?" Throughout the war Holland was bullied and abused by the Kaiser and the Berlin Government. Scores of Dutch merchant ships, some of them in hospital service were sunk by German submarines, which attacked and destroyed even the fishermen's boats along the coast, shelling un-

fortunate victims while they were trying to escape on rafts or in little skiffs.

"Have the people of Holland forgotten the riots in shore towns when bodies of murdered fishermen were recovered and shown? Have they forgotten their short rations due to Germany's demands for food supplies?"

"If Holland should refuse to give up the ex-Kaiser and should insist upon keeping him out of court, she could not reasonably expect that the United States and England would be eager to fill promptly her orders for coal and raw materials, which are also needed in countries that are associated with us in the war. She might be able to hold and cherish the ex-Kaiser, but he cannot keep her factories at work and feed her people."

LEST WE FORGET!

This is an hour of Thanksgiving. Peace is near with all its fruits of victory. Spring with its smiling skies and teaming earth has come for good. Our own city is alive with new business interests and her people are prosperous and happy. We have just cause, in view of these blessings, to feel grateful.

A NERVOUS WRECK

From Three Years' Suffering, Says Cardui Made Her Well

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get. When I was asleep, I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today. NC-134

complete and its fortune the more assured; we have as a candidate for Congress, in the General election to be held May 27, 1918, R. Walton Moore, of Fairfax, one of the highest-minded and most public-spirited men who ever entered political life. So, grateful citizens, remember the day and do your duty.

READY FOR AUSTRIANS

Their Credentials to be Presented Probably Next Tuesday

Versailles, May 17.—A distinct impression among some of the subordinate members of the German peace mission that the Germans will sign the peace treaty is reflected in the remark of one of the secretaries, who is quoted as saying: "What else can we do but sign? We are on the ground, your knees are on our stomachs and your thumbs in our eyes."

Paris, May 17.—It became known yesterday that the German peace delegation was preparing to send another note to the Allied and associated powers concerning the peace treaty. The note, which has not yet been completed, is said to be in relation to Alsace and Lorraine.

A peremptory answer to the German note registering objections to the treaty arrangement for the left bank of the Rhine and the Sarre Valley has been drafted by the special Commission on Territorial Affairs presided over by Andre Tardieu, it was reported this morning.

The credentials of the Austrian peace delegation will be presented to representatives of the Allied and associated powers at a meeting probably next Tuesday, it was said today. In the meantime the Austrians are marking time, except for a conference with the Inter-allied Food Commission today relatives to the revictualing of Austria.

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lumbago, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty in urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL Haaren Oil Capsules. This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease. It is imported direct from the home laboratories in Holland, where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand in sealed packages, three sizes.

BANDITS LOCK THREE IN ROOM

Chicago, May 17.—Five masked auto bandits escaped Thursday with \$30,000 in Liberty bonds, \$20,000 in certificates of indebtedness, and \$10,000 in cash from the First National Bank of Dolton, Ill., sixteen miles from here.

The men forced W. H. Baker, assistant cashier, to open the vault containing the money and securities. They then locked Baker and a girl employee in the furnace room. A customer walked in before the bandits left, and they locked him in with the employees.

OH MY STOMACH

"I had stomach trouble so badly that nothing I ate would digest as it should," said Sadie E. Hamilton, Portland, Ore., as she began a remarkable story of the relief she has secured from Argo-Phosphate, the new reconstructive, stomach tonic and system purifier.

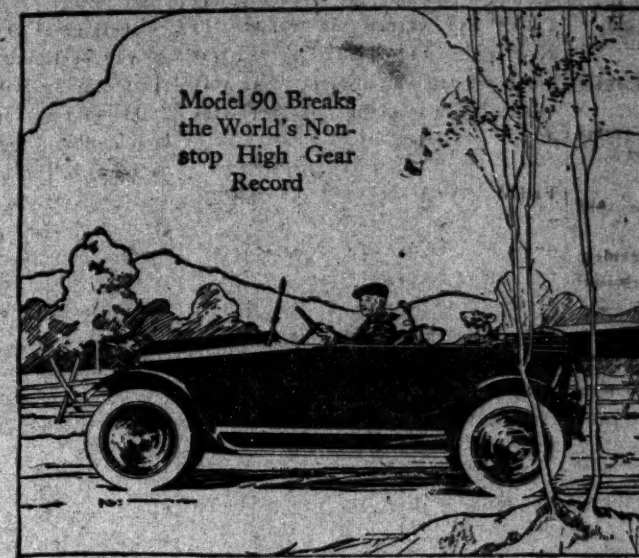

"Everything that I ate would lie in my stomach like a lump," she explained. "Gas would form and I would suffer distress all the time. I got so I could hardly keep anything down. Trying to get relief, I had my stomach pumped out, but even this did not help me as I continued just as bad."

"I kept hearing so much about Argo-Phosphate that I thought maybe it might help me and I decided to try it. I have taken two bottles and to my surprise I am already feeling fine. I can eat anything and I am not troubled at all."

"I am completely rid of my old stomach trouble that I had for three years. I have not felt so well for years and I am certainly glad to endorse Argo-Phosphate because I want others to be helped by the wonderful medicine."

"The spirit of wanting to help others is what makes suffering men and women give these splendid public endorsements of Argo-Phosphate," said a local druggist. Dispensed by Richard Gibson and The Rexall Store.

AN ALEXANDRIA MAN'S EXPERIENCE

Can you doubt the evidence of this Alexandria citizen?
You can verify Alexandria endorsement. Read this:
J. M. Trebble, oyster dealer, 601 South St. Asaph Street, Alexandria, says: "My back was in such bad shape I could hardly get up after sitting down awhile. I do a lot of fishing and sometimes the pains have caught me so I would have to call for help. I can hardly describe the terrible misery I was in. I had headaches that would almost drive me crazy. When Doan's Kidney Pills were recommended, I got some from the Oregional Drug Store. Doan's did wonders for me. They took all the misery out of my back and now I can go around and do any kind of work. Since Doan's Kidney Pills cured me I have never felt weak and lame like I used to." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Trebble had. Foster-McBarn Co., Mfrs., Buffalo, N. Y.

COAL, LUMBER AND BUILDING MATERIALS

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HANDLE AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

GRAND THEATRE TONIGHT

Two duties confronted Harley P. Hennage, gambler and professionally known as the worst man in Gila Junction. This was an honor. First he had to prove that Morgan Carey was the "Boston" prospector, who had cheated his only romantic attachment out of a fortune. At the point of a gun he forced this acknowledgment and also a check for \$200,000. The other task was the

clearing of the name of Harry McGraw, who was accused by this same "Boston" and a bulky stage driver of having held up the mail coach. Leaving "Boston" in the gentle hands of the man he had left twenty years previous to die of thirst in the desert, Harley walked with steady step to meet the stage driver by appointment "in the middle of the street" at four o'clock. This was the most approved Western duel challenge. Harley was there on the stroke, so was the stage driver, but only his gun barrel was in sight. Few men would have survived the treacherous shot. But Harley—Tom Mix in The Sheriff's Blunder.

ANOTHER NEGRO LYNCHED

Was Charged With Attacking a White Girl Near Scott, Ga.
Dublin, Ga., May 17.—Jim Waters, a negro, accused of attacking a white girl near Scott, Ga., was taken from a deputy sheriff and lynched near Wrightsville Thursday.

according to a telephone message from Sheriff Rowland, of Johnson county.

Search for Waters had been in process for two weeks. He was captured by deputy sheriffs at Sun Hill Wednesday night and placed in the Johnson county jail.

Fearing violence, Sheriff Rowland asked Sheriff Watson, of Laurens County, for permission to send Waters to Dublin for safe-keeping. The permission was granted.

While Waters was on route to Dublin a crowd of white men suddenly appeared and forced the deputy to surrender the negro.
